Your wedding day may not be the most important day in your life, but it is an incredible one. It is the start of a unique and wondrous story, a love story between you and your spouse.

Capturing the moments, emotions, details, and humour of your wedding day with beautiful, elegant, and dramatic photographs is what I strive to do.

I am passionate about photography and wedding photography in particular. Having the opportunity to preserve your memories is a responsibility I take seriously.

Things I love (besides photography): my son Nate, my wife Deb, traveling, art, design, and learning.

ABOUT ARTIST

The “noumenal” is the intangible reality that lies beyond every phenomenon. I am passionate about photography and my goal is to create images that capture the true essence of the moment. Great photographs are not only aesthetically pleasing, they express moments, emotions, and stories.

Having the opportunity to create a lasting memory of the unique details, moments, personality, and beauty of each couple’s wedding is amazing.

I have been a wedding photographer for over 10 years, I am fully licensed and insured and have been the primary photographer on well over 100 weddings.

Please contact me. I would be thrilled to meet with you and discuss your wedding day.

TRAVEL

I love to travel.

I am happy to travel to photograph your wedding. All I require is sufficient notice and to have my expenses covered.

I have visited over 60 countries, so far. I have photographed weddings all across Ontario, Alberta, British Columbia and 4 different countries.

ENGAGEMENT SESSION

Unless you are famous or a model, it is unlikely that you have spent time in front of a professional photographer. Although it is my job to make you feel and look comfortable and natural, the engagement session is a great way to become comfortable being photographed and for us to get to know each other.

The engagement session can be as unique as you are, it can be formal, relaxed, or even themed.

HOW TO BOOK

Since every wedding is unique, all packages can be fully customized to meet your needs.

I would love to have the opportunity to meet you in person, learn about your wedding plans, and design the perfect photography package for you.

To secure a date, a signed contract and a deposit of 20% is required.
